PROFILE

A highly motivated Computer Science student, at the University of South Wales, looking to secure a role which is fulfilling and prioritises employees. I have transferable skills including customer service, communication, time management and problem-solving. I am on track to gain a first-class honours degree.

KEY SKILLS

- Microsoft Office including Word, Excel, PowerPoint, and Access as well as others
- Self-taught skills in Adobe Photoshop and Premier Pro
- Coding languages including C++, C#, SQL and HMTL.
- Agile, patient and can adapt to most situations
- Able to find a solution to most problems by breaking them down into bite-size chunks
- Strong team-working skills and approachable with those who I work with
- Skills in leadership thanks to PASS leadership training
- Excellent listening and communicating skills, leaving no room for misunderstandings
- Detail orientated with a strong work ethic
